

NOTICE TO INDUSTRY No. 2-2021

MANDATORY COVID-19 VACCINATION

The purpose of this notice is to inform you of the Great Lakes Pilotage Authority's (GLPA) mandatory COVID-19 vaccination policy.

The GLPA is committed to the health and safety of its employees, customers, contractors, and visitors. On October 6, 2021, the Prime Minister announced details of the government's plans to require COVID-19 vaccination across the federal public service and federally regulated transportation sectors. As a federal Crown corporation, the GLPA is required to adopt a mandatory COVID-19 vaccination policy that mirrors the federal government's policy.

As a result, the GLPA adopted a mandatory COVID-19 vaccination policy requiring all its employees, Board members, contractors and visitors to comply with the GLPA policy. GLPA employees, including marine pilots and Board members are required to be fully vaccinated by November 15, 2021. Contractors who provide services to the GLPA are required to be fully vaccinated by November 30, 2021.

Since the beginning of the pandemic, the GLPA has ensured continuous uninterrupted services to its customers while dealing with the challenges of COVID-19 and welcomed the governments' direction on a vaccination policy to ensure the health and safety of its employees and the crew members of its customers.

For additional information on the GLPA's mandatory COVID-19 vaccination policy, please contact Michèle Bergevin at mbergevin@glpa-apgl.com or (613) 933-2991 extension 205.
