

PRESS RELEASE

THE GREAT LAKES PILOTAGE AUTHORITY APPOINTS JEAN AUBRY-MORIN AS THE PRESIDENT & CHIEF EXECUTIVE OFFICER

CORNWALL, December 23, 2024

We are pleased to announce the appointment of Mr. Jean Aubry-Morin of South Glengarry, Ontario, as President and Chief Executive Officer (CEO) of the Great Lakes Pilotage Authority (GLPA), effective December 23, 2024.

Jean brings a distinguished career in public service and the maritime sector, reflecting a deep commitment to advancing transportation, sustainability, and stakeholder engagement. He is a proud graduate of Polytechnique Montréal, holding a Bachelor of Engineering in Physics, and has furthered his education with an Executive Certificate in Operations Innovation and Development from MIT Sloan School of Management.

With over 30 years of experience in the maritime and transportation industries, Jean has held key leadership roles that have shaped the future of the sector. Most recently, as Executive Vice President of External Relations at The St. Lawrence Seaway Management Corporation, he spearheaded corporate communications, stakeholder partnerships, and sustainability initiatives. His leadership was instrumental in creating transformative programs, including the Canadian Marine Careers Foundation and the Ontario Marine Council, as well as advancing sustainability through a comprehensive greenhouse gas reduction roadmap.

Jean's contributions extend beyond his corporate roles to include active involvement in significant industry and regulatory bodies such as the International Joint Commission, the International Lake Ontario-St. Lawrence River Board, and the Great Lakes Marine Advisory Board. His work has fostered cross-border collaboration, supported sustainable waterway management, and enhanced maritime safety and innovation.

As a leader, Jean has consistently demonstrated strategic vision and operational excellence, driving innovation and collaboration in complex maritime environments. His efforts have ensured the continued efficiency and safety of critical waterway systems and strengthened partnerships within the marine transportation community.

On behalf of the Board of the Great Lakes Pilotage Authority, we are delighted to welcome Jean Aubry-Morin as our new CEO. We look forward to his leadership as GLPA continues to deliver safe, reliable, and efficient marine pilotage services within the waters of the Great Lakes.

Sincerely,

Captain James Pound
Interim Chief Executive Officer and Chairperson of the Board
Great Lakes Pilotage Authority
